Skip the time-consuming trip to the grocery store. For those of us who don't live near a farmer's market or are too busy to go shopping, The FruitGuys brings regional organic produce directly to your workplace to take home. Available in three different varieties, the TakeHome is a convenient way to get organic produce, while also supporting small regional farmers. Set up weekly, bi-weekly, monthly or one-time delivery and browse seasonal produce at fruitguys.com. Organic produce is delivered in recycled cardboard crates printed with soy-based inks. fruitguys.com.
